**Summary of reasons
for classification:**

The publication entitled *Liquid Gold 4* is classified as:
Objectionable.

The publication is a DVD designed for the purpose of sexual arousal which focuses on women urinating and drinking urine. The publication clearly validates this conduct as being arousing and part of normal sexual activity. Consequently the publication promotes and supports the use of urine in association with sexual conduct and under s3(2)(d) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act).

The Classification Office has considered the effects of the New Zealand Bill of Rights Act 1990 on the application of the classification criteria. The classification of this publication interferes with the freedom of expression, but this is an outcome that is consistent with Parliament's intention that publications falling under s3(2) of the FVPC Act are deemed to be objectionable.
